

Nexora Technologies Pvt. Ltd. — Executive Team

Organization ID: ORG-NEX-001

Department: Executive Management

Executive Team Size: 6 members

1. Executive Team Overview

The executive team is responsible for the overall strategic direction, financial performance, technology strategy, risk management, operations, and long-term growth of Nexora Technologies.

The company is currently in a period of rapid growth. Management is focused on increasing profitability while minimizing potential business, operational, financial, and technology risks.

The executive team is also overseeing the company's expansion of AI capabilities across its products and internal operations. The planned development of the company's own Large Language Model, NexoraLM, is considered a major long-term technology initiative.

The executive team consists of six members: Chief Executive Officer; Chief Operating Officer; Chief Technology Officer; Chief Financial Officer; Chief Product Officer; and Chief Information Security Officer.
