Priyanka Verma	Human Resources	₹22,00,000
Rahul Sharma	Human Resources	₹15,00,000

Name	Department	Current Salary
Suresh Menon	Finance	Not disclosed

2. Finance Team Member

Name: Suresh Menon

Department: Finance

Age: 55

Salary: Not disclosed

Company ownership: 45% of Nexora Technologies.

3. Annual Dividend Calculation

For the dividend calculation, the company is assumed to have an annual profit of ₹20,00,00,000 and to distribute 5% of that annual profit as dividends.

Step 1 — Total annual dividend:

$$₹20,00,00,000 \times 5\% = ₹1,00,00,000$$

Step 2 — Suresh Menon's dividend:

$$₹1,00,00,000 \times 45\% \text{ ownership} = ₹45,00,000 \text{ per year}$$

Result: Under this assumption, Suresh Menon receives ₹45,00,000 in dividends per year. His 45% ownership means he receives 45% of the total dividends declared by the company.

The 5% figure is the company's assumed annual dividend payout rate against annual profit; it is not a 5% ownership stake.
